## EXPERIENCE

### Studio Assistant and Visual Designer

#### Vitrified Studio, 2025 – Current

Ceramic production studio assistant and web designer. Created custom cursive fonts, developed glaze colors, designed a responsive customization tool and website.

### Canopy Program

#### NYC Crit Club, 2025

Received merit scholarship to participate in year long critique and mentorship program led by Brooklyn based painter Matt Phillips. Received feedback from professional curators and artists.

### Freelance Designer and Illustrator

#### 2019 – Current

Fully responsive app design, UX/UI design, website design, branding, logo design, book illustration, custom maps, and infographic creation.

### Sculpture Fabricator

#### Nikolas Weinstein Studios, 2023 – 2024

Constructed large scale sculptures comprised of glass and steel. In this work I utilized wood and metal saws and did fine detail work. I took leadership over managing kiln firing, tracking production, and training new staff on processes.

### Product Designer

#### CD Baby, 2022 – 2023

Updated designs for major pages and flows including checkout, manage payment methods, and member's dashboard. Created a comprehensive design system, collaborated across departments, and performed user research.
